

Cornerstone Behavioral Healthcare

PM.32 Handicapped Vehicle Parking

Cornerstone Behavioral Healthcare (CBH) will maintain a van-accessible parking place nearest to all facilities. CBH will attempt to enforce the rule that only handicapped individuals are allowed to park in this area.

All handicapped parking areas will be cleared of snow and other items. CBH staff will ensure that only vehicles with handicapped license plates or appropriate mirror/windshield tags be allowed to park in this area. Non-handicapped drivers of other vehicles who park in this area will be asked to promptly remove their vehicles. There will be no exception to this policy.
