

Cornerstone Behavioral Healthcare

PM.32 Handicapped Vehicle Parking

Cornerstone Behavioral Healthcare (CBH) will maintain a van-accessible parking place nearest to all facilities. CBH will attempt to enforce the rule that only vehicles with handicapped license plates or appropriate mirror/windshield tags be allowed to park in this area.

All handicapped parking areas will be cleared of snow and other items. Non-handicapped drivers of other vehicles who park in this area will be asked to promptly remove their vehicles. There will be no exception to this policy.
